

IDWeek 2022
October 19-23, 2022
Walter E. Washington Convention Center
Washington, DC

Wednesday, October 19, 2022

Thursday, October 20, 2022

Presenter: Sonali Advani

Presentation Title: Performance of urinalysis parameters in predicting significant bacteriuria: Making the case for a population-specific approach to diagnostic stewardship

Presentation Type: Poster

Session Title: Antimicrobial Stewardship: Diagnostics/Diagnostic Stewardship

Session Time: 12:15 PM - 1:30 PM

Session Location: Exhibit Hall BC

Presenter: Jillian Hayes

Presentation Title: Impact of Rapid Diagnostic Technology on Patients with Candidemia

Presentation Type: Poster

Session Title: Antimicrobial Stewardship: Diagnostics/Diagnostic Stewardship

Session Time: 12:15 PM - 1:30 PM

Session Location: Exhibit Hall BC

Presenter: Patrick Tam

Presentation Title: Donor-Derived Mollicute Infections in Lung Transplant Recipients: a Prospective Study of Donor Respiratory Tract Screening and Recipient Outcomes

Presentation Type: Poster

Session Title: Studies of Pre-transplant Screening and Evaluation

Session Time: 12:15 PM - 1:30 PM

Session Location: Exhibit Hall BC

Presenter: Bobby Warren

Presentation Title: Efficacy of shortened high-level disinfection (HLD) protocols for GI duodenoscopes with disposable tips used for endoscopic retrograde cholangiopancreatography (ERCP)

Presentation Type: HotZone Rapid Fire

Session Title: Rapid Fire Poster Session: Screening & Decolonization

Session Time: 12:15 PM - 12:45 PM

Session Location: Poster Hall

Presenter: Melissa Johnson
Presentation Title: Intraabdominal Infections: When Is Candida and Enterococcus Coverage Necessary?
Presentation Type: Invited Talk
Session Title: Hot Topics In Antimicrobial Stewardship
Session Time: 2:10 PM – 2:35 PM
Session Location: 143 ABC

Friday, October 21, 2022

Presenter: Sonali Advani
Presentation Title: "Overdiagnosis of Infections: Cracking the Code!" Urine Story
Presentation Type: Invited Talk
Session Title: Meet-the-Professor
Session Time: 8:00 AM – 9:00 AM
Session Location: Room 151 AB

Presenter: Ibukun Kalu
Presentation Title: SARS-CoV-2 Variants and Pediatric Infection Prevention
Presentation Type: Invited Talk
Session Title: Little Beasts: Hot (Viral) Topics in Pediatric Infection Prevention
Session Time: 10:30 AM – 11:45 AM
Session Location: Room 207 AB

Presenter: Ethan Brenneman
Presentation Title: Utility of a Risk Assessment Model in Predicting 30-day Unplanned Hospital Readmission in Adult Patients Receiving Outpatient Parenteral Antimicrobial Therapy
Presentation Type: Poster
Session Title: Clinical Practice Issues
Session Time: 12:15 PM - 1:30 PM
Session Location: Exhibit Hall BC

Presenter: April Dyer
Presentation Title: Cost-Avoidance Associated with Active Stewardship of Remdesivir
Presentation Type: Poster
Session Title: Antimicrobial Stewardship: Outcomes assessment
Session Time: 12:15 PM - 1:30 PM
Session Location: Exhibit Hall BC

Presenter: Amanda Graves
Presentation Title: Measuring the Contamination of Transport and Emergency Ambulances and Emergency Medical Service (EMS) Providers
Presentation Type: Poster
Session Title: HAI: Disinfection/Sterilization & Environmental Infection Prevention
Session Time: 12:15 PM - 1:30 PM
Session Location: Exhibit Hall BC

Presenter: Jillian Hayes
Presentation Title: Let's GO PO: Impact of Monthly Feedback on a Longitudinal Intravenous to Oral Antimicrobial Conversion Initiative
Presentation Type: Poster
Session Title: Antimicrobial Stewardship: Outcomes assessment
Session Time: 12:15 PM - 1:30 PM
Session Location: Exhibit Hall BC

Presenter: Rey Perez
Presentation Title: Pandemic Hits: Evaluation of an Antimicrobial Stewardship Program Website for Hospital Communication During the COVID-19 Pandemic
Presentation Type: Poster
Session Title: Antimicrobial Stewardship: program development and implementation
Session Time: 12:15 PM - 1:30 PM
Session Location: Exhibit Hall BC

Presenter: Shaefer Spires
Presentation Title: Antibiotic Use (AU) Adjustment by Infection-Related Patient Volume Across a Health System
Presentation Type: Poster
Session Title: Antimicrobial Stewardship: program development and implementation
Session Time: 12:15 PM - 1:30 PM
Session Location: Exhibit Hall BC

Presenter: Bobby Warren
Presentation Title: Efficacy of shortened high-level disinfection (HLD) protocols for GI duodenoscopes with disposable tips used for endoscopic retrograde cholangiopancreatography (ERCP)
Presentation Type: Poster
Session Title: HAI: Disinfection/Sterilization & Environmental Infection Prevention
Session Time: 12:15 PM - 1:30 PM
Session Location: Exhibit Hall BC

Presenter: Libby Dodds Ashley
Presentation Title: Hospital COVID-19 Burden Impact on Inpatient Antibiotic Use Rates
Presentation Type: Oral Presentation
Session Title: Following the Trends in Antimicrobial Stewardship
Session Time: 3:15 PM – 4:30 PM
Session Location:

Presenter: Jack Dougherty (ID fellow working with Shaefer & Melissa)
Presentation Title: Cumulative Antibiotic Exposure and Risk for Candidemia
Presentation Type: Oral Presentation
Session Title: Following the Trends in Antimicrobial Stewardship
Session Time: 3:15 PM – 4:30 PM
Session Location:

Saturday, October 22, 2022

Presenter: Erin Gettler

Presentation Title: Impact of the COVID-19 Pandemic on Healthcare-Associated Infections (HAI) by Race and Ethnicity in a Large Network of Community Hospitals: A Call to Action

Presentation Type: Poster

Session Title: HAI: Surveillance

Session Time: 12:15 PM - 1:30 PM

Session Location: Exhibit Hall BC

Presenter: Travis Jones

Presentation Title: Impact and Sustainability of Antibiotic Prescribing Feedback with Peer Comparison to Hospitalists in a Community Hospital

Presentation Type: Poster

Session Title: Antimicrobial Stewardship: Trends in Antimicrobial Prescribing

Session Time: 12:15 PM - 1:30 PM

Session Location: Exhibit Hall BC

Presenter: Jay Krishnan

Presentation Title: Understanding the Impact of COVID-19 Pandemic on Central Line-Associated Bloodstream Infections (CLABSIs): Expanding Analysis to the Microbiologic Level

Presentation Type: Poster

Session Title: HAI: Device-Associated (CLABSI, CAUTI, VAP)

Session Time: 12:15 PM - 1:30 PM

Session Location: Exhibit Hall BC

Presenter: Jay Krishnan

Presentation Title: Comparison of Trends in Hospital-Onset Bloodstream Infections (HOBSIs) and Central Line Associated Bloodstream Infections (CLABSIs) across a Three-Hospital Health System in the COVID Era

Presentation Type: Poster

Session Title: HAI: Device-Associated (CLABSI, CAUTI, VAP)

Session Time: 12:15 PM - 1:30 PM

Session Location: Exhibit Hall BC

Presenter: Michael Yarrington

Presentation Title: Implementation of a Clinical Decision Support Panel for Urine Culture Ordering

Presentation Type: Poster

Session Title: UTIs

Session Time: 12:15 PM - 1:30 PM

Session Location: Exhibit Hall BC

Sunday, October 23, 2022
